Dear Helen,

No problem! Making Spider Open Sandwich is easy! You need two tomatoes, a slice of ham and a slice of bread.

First wash the tomatoes and cut them into two halves. Then take a slice of ham and carve it into the shape of a spider. Then put the carved ham and the tomatoes on a slice of bread. Then put it into the oven. Take it out after five minutes. Sit down and enjoy it.

Spider Open Sandwich tastes crispy and salty. I hope you like it.

Love,

Josh
