### **Mandy's Joyful Day**

Mandy is a smart and active girl. She has short hair and small eyes. She goes to Brownies every Monday. She has piano lessons every Tuesday. She plays tennis with her best friend, Winnie every Sunday.

Today is Sunday and the weather is sunny. Mandy goes to find her best friend Winnie. 'We can play tennis in the park near our home,' suggests Winnie. 'Good idea! Let's go and have a happy day,' says Mandy.

First, they chat on the bench. Then, they play tennis near the fountain and Mandy hits the tennis ball too hard. However, they feel shocked when the tennis ball falls into the fountain.

They feel unhappy and worried. 'Oh no! The ball falls into the fountain. What can we do?' says Winnie. 'I have an idea. We can use our tennis racket to get the ball back as the fountain is shallow,' says Mandy suddenly. 'You're smart!' says Winnie. Finally, they get back the ball and they feel happy.
