A Day in Happiness Zoo

Today is Saturday, I have a visit to Happiness Zoo with my dad and mum because I want to visit the deer.

I can see many animals. There are twelve monkeys. They are brown and have long tails. They are playing in the trees. There are also ten deer. They are brown too. They are walking on the grass. There are seven pandas. They are black and white. They are eating bamboo on the grass. They are lovely.

I like this zoo because there are deer in the zoo. I feel so happy.
