sunny

Today was sunny and warm. I had an enjoyable time with my friends, Samuel, Aiden and Marson at Sunny Camp. We participated in many different activities.

In the morning, Samuel, Aiden and I went cycling and did wall climbing in the playground. Marson swam in the swimming pool.

In the afternoon, we went hiking on a nature trail after lunch. It was interesting. We saw many beautiful trees and flowers. They were so beautiful so we took lots of photos with them. We enjoyed the singing of the birds too. We were as happy as clams.

In the evening, we did archery at the recreation ground. It was fun and challenging. I did not do well at the beginning but I did not give up. After half an hour, I was able to shoot the target. Mum said that I was perseverant. Then we had a barbecue at the barbecue site. The chicken wings made my mouth watering. We felt relaxed.

It was a wonderful day. I was over the moon.
