Sunny

Today was a great and fun day! I had a lot of fun activities. In the morning, I went to the playground and played games with Mia, Sheryl and Andrea because we were bored. We wanted to have fun.

In the afternoon, we were tired and hungry so we went to had lunch. We ate some delicious food and chatted together.

After that, we wanted to have some more fun but we were still hungry so we went to a BBQ site to have a barbecue in the evening. All of our friends came and ate many food. We had chicken wings, sausages, pork chop and potatoes.

It was a great and happy day. I felt as happy as a bee.
