Christmas is my classmate. She sits on my right. She is thin and tall. Her hair is long. I like her.

Christmas likes to play badminton and read books. I know she likes reading books so I give her my hand made bookmark. She likes it. She likes reading Sherlock Holmes.

Christmas's favourite subject is PE. She is good at jumping. In her free time, she sometimes watches TV and reads storybooks. I like playing with her and drawing with her. We like reading but reading is not our favourite activity.
