✧ **My Best Friend** ✧

Have you heard 'A friend in need is a friend indeed'? Today I am going to introduce my bosom friend. She is my classmate. Her name is Ginny Leung. She is tall and thin. Her nose and eyes are small. She sits on my right. Everyone likes her.

Ginny is my best friend because she is polite. She never fights with me or laughs at me. She helps me when I am in trouble. She is hard-working too. She likes reading and she reads books every day.

Ginny's favourite subject is English. She is good at writing English poems. She has piano lessons every Sunday and drawing lessons every Wednesday.

'Friends are thieves of time' - I enjoy doing everything with her all the time.
