### **How to behave well in Public Places**

It is important to behave well in public places because we will affect others. We need to respect others and ourselves.

First, we should have good manners in the library. We should keep the books clean because other people will use the books as well. We should not write on the books. We should keep quiet in the library. We should not speak loudly.

Second, we should have good manners in the classroom. We should speak to the teacher politely because we need to respect the teachers. We should not shout at teachers. We should listen to the teacher. We should not sleep in class.

To sum up, we should behave well in the public places.
