Behave well

It is important to behave well everywhere especially when we are in the public places.

First, we should have good manners on the bus. We should talk softly on the phone. We should walk slowly on the bus too, we won't disturb others or get hurt. We should not talk loudly.

Second, we should have good manners in the restaurant. We should eat quietly and we should walk slowly so you won't get hurt. We should not eat noisily because it is rude. We should not run fast.

To sum up, we should be polite with one another. We should respect others.
