**A letter to Principal**

11<sup>th</sup> January, 2023

Dear Principal,

We are writing to you because the Student Union would like to help Rainbow Charity Organisation to raise money for the people in Sudan. We think our ideas will help solve some problems for the poor there.

Schools are too old in Sudan because the people there do not have money to rebuild them. Also, the children do not have enough money to buy stationery or books. They are too poor. They have very few books.

The people there do not have enough food because there are not many animals or rice fields. They have very little food. Many people die of starvation.

We want to raise money by selling flags or raffle tickets. Then we can use the money to help them rebuild schools, buy books and stationery. We would also like to carry out special projects by helping the people to build wells and grow crops. Then they can have clean water to drink and food to eat.

We hope you will be able to help us organize the charity events.

Yours sincerely,

Sheena Au

Chairman of the Student Union
