14<sup>th</sup> December, 2022

Dear Principal Lo,

We are writing because the Student Union would like to help a local charity called Impact HK to raise money for the homeless people. We think our ideas will help solve some problems for the street sleepers there.

In Hong Kong, some people end up on the streets because there is a chronic shortage of affordable housing. The street sleepers suffer a lot because they do not have enough hygienic products, sleeping bags and clothing. Some suffer from physical or mental illnesses because street sleepers have very little knowledge to seek suitable social welfare for themselves.

We want to hold a Kindness Walk by helping to deliver the daily necessities to the homeless in Wan Chai. We would also like to encourage students and parents to shop at their online store for Christmas.

We hope you will be able to help us organize the charity events.

Yours sincerely,

Wesley Sze

Chairman of the Student Union
