How to make a sandwich

Dear Helen,

No problem! Making ham and cheese sandwich with salad dressing is easy! You need two slices of bread, a slice of cheese, some salad dressing and two slices of ham.

First, get the ingredients ready. Buy them in the supermarket. Then, put two slices of bread into the frying pan. Fry them on both sides. Next, put a slice of cheese and two slices of fried ham on a slice of bread. After that, add the salad dressing on them. At last, put another slice of bread on top. Serve it on a plate and sit down to enjoy it.

The ham and cheese taste salty and the salad dressing tastes sweet. I think the sandwich is scrumptious!

Love,

Josh
