I want to be an actor when I grow up because I think it is an interesting job. If I become an actor, I will act in movies and TV series.

Actors need to be hard-working so that they can perform well. They also need to be confident so that they can do things well and carefully. They need to be outgoing so that they can make their fans laugh and enjoy their acting.

I think this job is suitable for me because I am hard-working and confident. I am outgoing too. I hope I can be an actor some day.
