2020-2021 1st Term Writing (1)

6H (8) Fan Cheuk Ho, Cleatus

I want to be an astronaut when I grow up because I love exploring. If I become an astronaut, I will walk on other planets.

Astronauts need to be brave so that they can keep calm on the spaceship. They need to be hard-working so that they can know more about different planets. They also need to be strong so that they can adapt to the space environment. They need to be careful too so that they can control the spaceship very well.

I think I am suitable for this job because I am brave and careful. I am strong and hard-working too. I hope I can be an astronaut some day.
