A Day in Fun Zoo

Today is Sunday. I have a visit to Fun Zoo with dad and mum.

I can see many animals. There are twenty pigs. They are pink. They are in the mud. Some of them are sleepy. There are nine lions. They are yellow and brown. They are in the cage. They are eating meat. There are eight giraffes. They are brown and yellow. They are on the grass. They are as tall as a house.

I like the zoo because it is fun and interesting. I feel happy.
