My Diary

Sunday

April 2024

Sunny

Today was a lovely day.

In the morning, I studied at home, then I went to a park with my friends.

In the afternoon, I played football with my friend. I also played games, arranged painted pictures, ran and I set our camp with them.

In the evening, we went to a playground and ate some fish. Then we played in the playground and we sat around the fire. At eight o'clock, we went home. It was fun to day.

Today was a happy, great day.
