My classmate

Gavin is my classmate. He sits near me. He is thin. He has dark and short hair, big dark eyes and his head is as round as a ball. Everyone likes him.

I like Gavin because he is polite. He always says, 'Good morning' to me in the morning. He is also very quiet. He won't chat when he is having lessons.

Gavin's favourite subject is music. He is good at singing. He can sing beautiful songs and play the violin. He goes to the school choir on Fridays.

I am glad that Gavin is my classmate because he is my good friend. I really like Gavin.
