My Diary

Sunday 28<sup>th</sup> April, 2024

Rainy

Today was a wonderful day. My friends and I did a lot of things in a day camp.

In the morning, I painted some pictures in the arts room with my friends, Jayden and Edwin. Painting is our hobby so we enjoyed it so much.

In the afternoon, I had a barbecue in the barbecue room with Jayden. The barbecue room was really big so we had many places to rest. We had a barbecue because we felt hungry. We ate a lot such as beef, fish balls, sausages and bread. We had a great barbecue and we felt as happy as larks.

In the evening, I went swimming with Edwin because we felt bored. The water in the swimming pool was as cold as ice. We swam happily. Then, we headed back to the camp and had a special dinner. 'It was the best day in my life!' Jayden said. We all agreed.

It was an unforgettable day. I felt tired but we felt delighted.
