A Wonderful Experience

They did not know what to do. Then the genie had an idea. ‘Let’s go and find my friend, the wizard. He is as wise as an owl so he must know how to solve this.’ Eric agreed with him. They needed to cross the river and climb the mountain to reach the wizard’s tower. However, they didn’t give up. The genie and Eric built a boat to cross the river. Soon, they tried to climb the mountain and reach the top. They finally reached the wizard’s tower. ‘Hurray!’ Eric cried, ‘Let’s knock the door to see if the wizard is here.’

Although they have knocked the door for few times, there was nobody to open the door for Eric and the genie. ‘I think he is not at home,’ whispered the genie. ‘Oh no! Then what should I do? Without the wizard’s help, I can’t turn back anymore!’ Eric was worried.

At this moment, the wizard came back. After he found out why were Eric and the genie standing outside his tower, he made a magic drink for Eric and helped him to become shorter in the end. Although Eric didn't make his wish come true. He was still happy with his height at last.
