This is my classroom. Sometimes I look at the teacher. Sometimes I look at the whiteboard in class. I keep quiet and share my things. I don't run in the classroom or push other classmates. I don't look at the window or play with pencils during class.

This is my school bag. I bring five pencils, six books, a pencil case, a water bottle and an eraser in my school bag to school.

My classroom is as beautiful as a garden. My school bag is so cool. I like them.
