Happy Sally's Birthday

It is Sally's birthday. Billy wants to buy a gift for his sister. He wants to buy a doll because she likes playing with dolls.

Billy goes Joyful Shopping Centre to buy the doll on the first floor. When he goes in the store, 'Wow! That robot is so cool.' He grabs the robots and goes to the cashier. He pays and leaves the shop.

On his way home, he suddenly notices that he forgets to buy the doll and buys the robot instead. He goes back to the shop and return the item. He uses the money to buy the doll. He finally gives it to Sally and feels relieved.
