A Healthy Strawberry Cheesecake

Today was Saturday. May and Danny went shopping in Yummy Supermarket. They wanted to make a cheesecake by themselves, so they bought some ingredients.

First, they found some strawberries. May said, 'Brand B is healthier than Brand A, and it is also on sale. Let's buy Brand B.' Then, they bought some cream, cheese, butter, sugar, flour, eggs and paid for the food.

When they went back home, Danny felt shocked. He said, 'Oh no! I forgot to buy a carton of milk. We can't make the cheesecake now!'

Suddenly, May had an idea. She said, 'Our neighbor Tom is a chef. Why don't we get some milk from him?' In the end, they make a healthy strawberry cheesecake. They thanked Tom by giving him two slices of cheesecake.
