Dear Principal,

We are writing because the Student Union would like to help Hong Kong Red Cross to raise money for Ukrainian under the armed conflict. We think our ideas will help solve some problems for the people there. The people there are facing a lot of problems.

Ukrainian doesn't have enough clothes and blankets because they have very little money and the roads are blocked by the army. Also, their homes turned into ruins because the buildings have been destroyed by the war. Besides, Ukrainian is trapped in a nightmare because they are shocked by the war.

We want to donate money for Ukrainian so that they can buy new clothes and building materials. We would also like to give them mental support. We can send them some greeting cards to show our care and love.

We hope you will be able to help us organize the charity events.

Yours sincerely,

Taylor Ngan

Chairman of the Student Union
