An Unforgettable Hike

Last Sunday, Tom and Mary were bored at home so they decided to go to Causeway Bay Country Park for a hike. They wanted to go hiking because they wanted to go out for a walk. They packed a lot of things. Their backpacks were as heavy as a rock. Then they left for the bus stop.

Next, they arrived at the bus stop and they didn't know which bus could go to Causeway Bay Country Park. As there was a hiker nearby, Mary asked him, 'How far is Causeway Bay Country Park from here?' The hiker replied, 'It's a long way. It is 10 kilometres away. You need to get to No.123A bus stop.'

Then they found that there were a lot of people at the bus stop. Mary didn't want to go there by bus because she hated waiting patiently for a long time. She thought travelling by bus would be uncomfortable as there would be no seats. At this moment, Tom suggested travelling by taxi because it is as fast as a leopard. Although travelling by taxi was convenient, it was expensive. Mary disagreed with Tom's idea. They decided to flip the coin and finally Tom won.

Finally, they got on a taxi quickly and arrived the country park before noon. They felt as happy as a clam. They learnt that they should do some research before they went to the country park or other places.
