From : Jalia

Subject : Hi there!

Hi Franklin,

My name is Jalia. I am nine years old. My favourite food is grilled chicken wings. I also like eating cheese bread.

I am short and fit. I have black eyes and short black hair. I think I am the most outgoing person in my family.

When I have free time, I love going to the park and playing board games.

I play different board games with my family after I finish my homework. We often play chess and puzzle games together. My mum always reminds me to put away my toys and games before bedtime.

Please write back soon and tell me more about yourself.

All the best,

Jalia
