Dear Franklin,

Thank you for your letter. I enjoyed reading it and learning about your hobbies and family.

I think reading books and playing board games are great ways to spend my free time. I like playing chess because it helps me think carefully and. I spend time together my family after finishing your homework.

Let me tell you a little about myself. My name is Collin, and I am ten years old. I have short brown hair and blue eyes. My favourite food is spaghetti, and I also enjoy ice cream. In my free time, I like drawing pictures, riding my scooter, and playing basketball with my friends.

I am glad to be your pen pal. You seem kind and friendly. I would love to hear more about your school and your favourite subjects.

Please write back soon!

Best wishes,
Collin
