A Day in Funny Zoo

Today is my holiday, and I go to Funny Zoo with my family.

I can see lots of animals here. I see eight monkeys. They are brown. They have long arms and they are jumping in the trees. I also see a giraffe. It is yellow with brown spots. It has a long neck and it is eating leaves from tall trees.

I like Sunny Zoo because it is a fun and exciting place. I hope I can visit it again very soon.
