A Day in Dangerous Zoo

Today is my birthday. I have a visit to Dangerous Zoo with my dad, my mother and my brother.

I can see many animals. There are three sharks. They are grey. They swim in the tank. They have sharp teeth. There are five tigers. They are black and orange. They are on the hill. They have orange fur and dark striped markings. There are two leopards. They are black, white and brown. They run on the grass.

I like this zoo because it is fun.
