My Diary

Sunday 26th April, 2026

Sunny

Today is a fun day, even like a magical day!

In the morning, I went fishing in Sai Sung with my friends because I had not fished before. In the afternoon, I went to Causeway Bay to eat buffet with my friends because I like eating yummy food. In the evening, I went to a magical place called 'Disneyland' to watch fireworks with my friends in Tung Chung. I was as happy as a king because the fireworks were amazing and magical! I wish I come here next time!

Today is an exciting and a happy day. I felt delighted.
