A Trip in Hong Kong

12th March, 2026

Dear Jamie,

I am glad that you will come to Hong Kong to visit me soon. I have carefully planned a fun one-day trip for you, and I cannot wait to hang out with you.

On Saturday morning, we will go to Kowloon Park by bus. We will walk around the lake because the fresh air here is nicer than the busy city streets. We will watch lovely ducks swimming in the water and enjoy the green scenery. After our park walk, we will have classic Hong Kong brunch. We will eat toast with butter and iced lemon tea, which are local people's favourite food.

In the afternoon, we will visit the Hong Kong Science Museum. We will try many interesting interactive games and learn new science knowledge. It is more interesting than reading books at home. We can take lots of cool photos inside the museum.

In the evening, we will go to Tsim Sha Tsui. We will walk along the harbour and enjoy the bright night view. When we

get hungry, we will eat tasty fish ball noodles and fried squid. These local snacks are very famous and yummy.

I am as happy as a jumping rabbit because I am so excited about our trip. I am sure we will have a wonderful and unforgettable day together.

Best wishes,

Howard
